**KABA ILCO  
File Guard Series**

File Guard is ideal for turning any ordinary filing cabinet into a security cabinet. Its steel channel bar and steel mounting bolts ensure maximum security for confidential, classified, and secret documents.

The push-button combination lock provides quick, easy, convenient day to day use, and frees you from the high cost of key control.

File Guard eliminates key control problems and makes an inexpensive one-time investment for long term security.

**FG 10 Series,  
Keyless Operation, Almond Finish**

Order #	Description	Length	Product #	Cat. Price

**Cam Locks**

**KEYLESS CAM LOCK**

**DualAxess by CompX Security Products**

- innovative Combination Cam Locks with key override.

DualAxess can be retrofit for existing wood or metal applications to give keyless access and to eliminate keys. The lock can be mounted vertically or horizontally on flush, overlay or lipped/overlay applications.

Attach the cam for 90° latching in any direction, based on individual application needs. To change the combination, the current combination and a valid key is needed.

Can be operated using either a combination or a key.

- 10,000 possible combinations
- Replace any standard cam lock
- Retrofits into existing 3/4" wood or metal holes
- Small profile fits most doors and drawers
- Removable lock plug for easy rekeying
- Master keying standard
- Heavy duty die cast construction
- 100% mechanical - no batteries needed

Electronic Cabinet Locks

**eLock**  
Be in Control with CompX eLock

A keyless, standalone electronic access control lock for cabinets - drug and supply cabinets, key control boxes, medical & personnel record cabinets - anywhere access control is needed or required.

**Features**

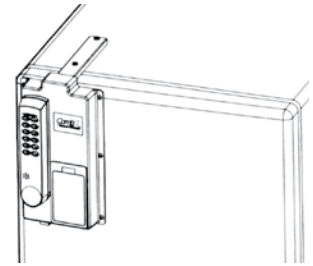

- 250 user/supervisor codes
- Audible alarm bolt system
- Motor driven latching mechanism
- Compatible with 12-volt electric door strikes
- Audit trail of last 1500 access attempts with date, time, and user name
- 4 AA battery pack mounts remotely; Alkaline batteries recommended - Not Included
- "Jump Start" 9-volt battery power port allows the user, with a valid credential, to access the CompX eLock when the batteries are exhausted
- Standard RJ11 communications port for audit trail download
- Surface mounted
- Low battery indicator

Order #	Item #/Type	Catalog Price
605-2000	EL-2004-MSKP Magstripe/Keypad	<b>\$601.20</b>
605-2005	EL-2004-PRKP Prox Reader/Keypad	<b>844.80</b>

**eLock Refrigerator Locks**

eLock refrigerator kit provides the same security and monitoring capabilities as the cabinet eLock.

Kit comes with an eLock, a gear-driven spring bolt mechanical latch (factory installed), and a strike plate. The kit mounts externally and can be used with refrigerators and freezers in almost any application - pharmacies, nurses' stations, research labs - wherever cold storage access control is needed or required.

As with the cabinet eLock, the eLock refrigerator kit is a keyless system. Since latch is a spring bolt, simply close the door - no need for cumbersome hasps and padlocks.

Order #	Item #/Type	Catalog Price

**Electronic Access Control for Cabinetry**

CompX eLock is a highly engineered lock with a motor-driven latch. Its uncompromising

lock control electronics include a non-volatile memory that stores 250 user / supervisor codes and audit trail. With optional lockView audit trail software, CompX eLock remembers 1500 access attempts. Programming is simple with numeric keypad or Windows based LockView software.

**Numeric Keypad**

Provides authorization with a PIN code of variable length.

## Locks for Wood Furniture & Cabinets

- Wide selection of locks to fit most furniture and cabinet applications.
- Available in several high quality finishes
- Removable lock plugs for complete keying versatility
- Pre-packaged in poly-bags

## Any Lock Plug Snaps Into Any Cylinder Body

All Timberline Locks consist of two separate components: a Lock Plug, and a Cylinder Body.

NOTE: Change Tool #D500KY is required to remove lock plugs from the cylinder bodies.

Most are designed for mounting in 3/4" panels. All mount easily with common #6 screws. Most are used in a 16.5 mm hole. Optional bezels are available that allow use of lock in hole from 3/4" to 7/8" in diameter.

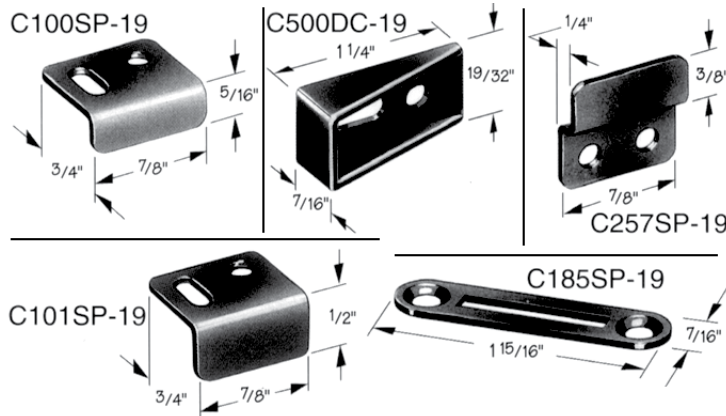

## Lock Plugs for All Lock Types. \$8.62 ea

### Features:

- Small Diameter

**Postal Locks**

The only mailbox lock to meet and exceed United States Postal Service specification "USPS-L-1172C"

New Spec Lock has to withstand 1000 lbs. of force applied to the cam. Previous specification was 100 lbs.

Will retrofit existing NDCBU's (Neighborhood Delivery Collection Box Unit) and CBU's (Cluster Box Unit" with "double D" style cut-out.

The only approved mailbox to fit new USPS-STD-4C boxes.

**C9100, C9200 Features**

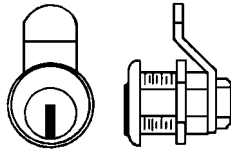

- Stainless Steel plug
- 12 degrees taper on cylinder head
- Accommodates up to 3/16" cam
- Drain holes on the bottom of the cylinder
- Includes spring clip, mounting nut and 3 keys
- **C9100 operates CLOCKWISE**
- **C9200 operates COUNTER CLOCKWISE**

The old C8710 - C8735 mailbox locks will not fit into new Standard 4C boxes, they will fit into existing Standard 4B and Standard 4B+ boxes.
